Toronto, ON

Sep 2021 – May 2025

Sep 2019 – Sep 2021

INDUSTRY CERTIFICATIONS

- Udemy Advanced Microsoft Excel Course
- Bloomberg Market Concepts
- CFI - Financial Modeling and Valuations Analyst Candidate

PROFESSIONAL EXPERIENCE

FGF Brands - Financial Analyst Intern – FP&A

Toronto, ON Sep 2023 – Dec 2023

- Identified a 60% variance at a specific plant through Excel analysis: traced root cause to a vendor related machine issue and utilized advanced Excel tools to create data-driven insights that facilitated swift resolution and prevented future discrepancies.
- Employed Excel's data manipulation capabilities to build analytical financial models from datasets exceeding 500k entries, collaborating with 3 cross-functional teams to interpret trends in financial data and provide strategic recommendations for driving business growth and operational efficiency.

Risk and Insurance Studies Centre - Project Intern

Toronto, ON July 2023 – Oct 2023

- Conducted comprehensive research on AI's impact on the labor market in North America, analyzing over 40 articles related to technology, manufacturing, and service sectors.
- Executed a complex regression analysis using secondary data to develop a predictive model, forming the basis for policy recommendations by analyzing key variables and their impact on labor market.

Fisor - Startup Founder and Research Analyst

Toronto, ON Oct 2023 – Sep 2024

- (<https://getfisor.ca>) (Website under construction, Excel models available upon request)
- Developed and implemented a unique car value assessment website, featuring an analysis model that compares the present value of two cars. The tool accounts for depreciation, maintenance, and insurance costs, along with financial factors like insurance rates and market viability, all discounted by the inflation rate, thereby aiding in informed car purchasing decisions.

EXTRACURRICULAR ACTIVITIES

Career Fit Program with RBC - Developing Wealth Management Solutions for Gen Z

Toronto, ON March 2023 – May 2023

- Secured first place out of four teams in a wealth management project, by conducting in-depth market research and developing a PowerPoint presentation, resulting in the group's selection to present directly to the RBC InvestEase team.
- Received a commendation from the program mentor, being one of only 3 individuals among a cohort of 100 attendees to receive a reference letter.

Arise Student Club York University - Co-Founder & VP Finance

Toronto, ON Sep 2022 – Sep 2024

- Facilitated external client relationships and led special projects with industry-leading institutions such as Deloitte, CIBC, and CPP Investments to create a financial literacy seminar, resulting in over 60 members gaining professional engagement opportunities through direct interactions with the experts.
